Dear Mr. Adams,

I heard about the positive impact you have made across your community and could not pass up the opportunity to thank you for all you do. In addition to running your own business, you go above and beyond to bring joy to countless people of all ages through Candy Cane Wonderland. You are a wonderful example of what can be achieved through faith and determination, and I thank you for serving as an inspiration for others. God bless.

My very best,
