Subject: First Steps Board

John,

I'm going to be out of the office next week, but do you mind touching base with Leigh Bolick at DSS while I'm gone to discuss potential appointees for the First Steps Board? I think she offered up some candidates a while ago, but that list might be a little aged at this point.

Obviously there are other candidates to consider and others in the office who need to be in the mix on filling those seats, but I was hoping that we could take care of this by around Labor Day, if possible. Thanks.

CLS
