**Subject:** Invitation to pension reform webinar

---

Katherine,

I am inviting you to participate in a free webinar on government worker pension reform. It is short and you will hear from current and former public officials who have successfully implemented pension reforms.

We are offering the webinar four different times in October, so you can pick the one most convenient for you. Go to [http://reason.org/pension\\_reform\\_webinars](http://reason.org/pension_reform_webinars) for more information or to register go to <http://eventcallregistration.com/reg/index.jsp?cid=40013t11pk>

If you know someone else who should get this invitation, please forward it to them.

Thanks!

Adrian
