**Subject:** Preserve and enforce the Heritage Act of 2000!!! ~ Website email from Dr. Arnold M. Huskins

---

Dear Lt Governor Bryant: As a retired veteran, a retired VA employee and a Summerville, SC resident, I am appalled by the cultural cleansing of Southern history and the demands for removal of our historic veterans memorial monuments because of the recent incidents in Charlottesville. On August 14th, a group of young communists stormed the Durham County NC Confederate memorial and tied a rope around its neck. They pulled it from atop its base which demolished it as it fell. These extremists then subjected the statue of the young soldier to kicks and sputum while the Durham police looked on. I never thought I would see this happen in the Tar Heel State! I do not want to see this happen in the state of South Carolina! I am angry that these radicals were allowed to do this without intervention from law enforcement officials. If this is allowed to continue, the common people of America who love its history and its heritage will rise up to prevent this from happening and it may not be good. These are definitely sad times in America! I hope you will do all within your power to preserve and enforce the Heritage Act of 2000 in South Carolina and prevent the removal of our veterans memorial monuments by radicals and extremists and their allies in the leftist Democratic Party! Thank you for your time! May God bless you and yours! Sincerely, Dr. Arnold M. Huskins
