David, we'd like you to include Marcia Adams our DMV director in any conversations you have with DMVs about how Governors could craft a replacement bill for REAL ID. She can be reached at 803-896-5599.

Marcia, David Quam is running point through NGA on how Governors can create a bill that could replace REAL ID. He's running a draft by select DMV offices, and given your expertise on this issue I wanted to make sure you were included in that vetting process.

Thanks,

Blair
