Keep Your Pearly Whites

Today's Caregiver magazine • Jan/Feb 2015

Many Seniors Are At Risk for Oral Health Problems

- 23% of Seniors 65 and older have not been to the dentist in the last 5 years.
- About half of all Seniors 65 and older have been to the dentist within the past year.
- More Black and Hispanic Seniors and those with lower incomes and less education have not been to the dentist in the past 5 years.
- Seniors with higher incomes and more education are much more likely to have seen a dentist within the past year.

(Source NIH)

Increasingly, studies have shown that good oral health is essential to maintaining good overall health as we age.
