**slspitfire** I was just at Cheraw and I must have missed this fire pit, didn't see any that looked like this.  
at 14:29:20 on 1/04/2019 UTC

**scstateparks** @slspitfire it's behind Cabin 9! So only accessible if you stay in that cabin, but this view makes it pretty worth it (in our totally unbiased opinion! 😊)

**slspitfire** @scstateparks where is cabin nine?

**scstateparks** @slspitfire it's tucked back behind the swimming area and office kind of? You can't see it from the road. If you check our reservation site you can see all the cabins mapped out! So follow the link in our bio to Cheraw's homepage and click "Make a Reservation"

at 20:03:43 on 1/04/2019 UTC

**jmcphersons** Wow that looks so relaxing!

**nahyduke** @bdayton46 Below the spillway is a great place to fish. You need some degree of discharge. Late fall or winter. Snakey in the summer. The lake is as difficult to fish as any I've been.
