This looks good. The only point I'm unsure about is the new hires. I believe that number is more than 20 based on the numbers I gave Lillian

Nikki,

I brought Lillian and Austin over yesterday and went over the plan we think came out of your visit to the agency.

Please review the attached and be sure this is what you want. DSS is pulling information and different individuals are working on different pieces.

I have told Austin that DSS needs to have all of the items implemented by the end of May.

This plan is what you will talk about with reporters this week.

Let me know what else you want.
