Ms. Haley, my names Richard G. Barrs Jr. I have a girlfriend locked up in Lexington county detention center. Her name is Thelma R. Davis. She was at the wrong place at wrong time. She road off with a friend of ours who had intent to manufacture meth. Thelma has been put thru the ringer. I've put her thru pure hell and she's been thru hell in life. Her dad just passed away her family are broke as we all are. She takes care of her three kids with out me the baby daddy. I'm the one who should be locked up. Trust me when I say Iam a trouble maker for s.c. she don't have a record or any of us that could get her out. Iam running from the law in Swansea and Aiken county. Swansea magistrate and Aiken general sessions. Been running a good while. I was wondering if there was a safe, legal, smart, way for me to make a trade for me to get her out? I would be more than willing to do that she deserves to be with her kids. So I'm asking to give up a real criminal just to let her out on bond. Please let me know if this is possible . [rickbarrsjr@gmail.com](mailto:rickbarrsjr@gmail.com) thank you Ms. Haley for your time and consideration.
