I apologize, Chaney. The press releases were in a junk mail folder. I have fixed that.

Thanks
Damon

Subject: Governor's Press Conference

Good afternoon, Chaney—

In her press conference this afternoon, Governor Haley mentioned something about a group from North Augusta who brought tents to Columbia and are cooking for residents there. Do you have any additional information about this group?

Also, could you please double check to make sure that producers@wjbfi.com is on your e-mail distribution list? We are currently not getting press releases consistently.

Thank you
Damon Putzier
