Subject: Moving Forward

Attachments: Patrick Gray.pdf

---

I just wanted to follow up on our meeting last week and thanks very much for taking the time to sit down and chat with us. I know that these are tough times and just wanted you to know that you have my support and anything I can do to help with your efforts, you simply need to ask. I have attached my bio for your edification and after 20 years in the FBI and running the Incident response and forensics team at Internet Security Systems, I have seen way too many breaches up close and understand your angst. Will Pelgrin, who runs the Multi-State ISAC and is CEO of the Center for Internet Security <http://msisac.cisecurity.org/> and is a longtime friend would also be willing, I'm sure, to assist in any way possible.

Please let me know if there is anything I can do moving forward and I wish you and your colleagues all the best moving forward in these trying times.

Best regards,

Patrick
