Department of Health & Human Services
Centers for Medicare & Medicaid Services
61 Forsyth St, Suite 4120
Atlanta, Georgia 30303-8909

March 27, 2009

Ms. Emma Forkner, Director
Department of Health & Human Services
1801 Main Street
Columbia, SC 29201

Dear Ms. Forkner:

In Section 7001(c)(2) of the Supplemental Appropriations Act, 2008 (SAA, Public Law 110-252), Congress required that the Centers for Medicare & Medicaid Services (CMS) enter into a contract with an independent organization to produce a report on four specific Medicaid regulations issued by CMS. This letter is to inform you that CMS has contracted with The Lewin Group to perform this study and to produce an independent report mandated by Congress. The Lewin Group will work directly with staff in each State Medicaid program to identify contact staff in other related agencies on the four specific Medicaid regulations, as appropriate, to collect the data necessary to determine the State-specific impacts to be included in the report.

Background:

Beginning in early 2007, CMS issued several regulations that were part of an effort to clarify Medicaid policy and to ensure sound fiscal management of the Medicaid program. The four regulations that are subject to the above-mentioned report are the following:

- (1) Proposed rule, published January 18, 2007 – Medicaid Program; Cost Limit for Providers Operated by Units of Government and Provisions to Ensure the Integrity of Federal-State Partnership (CMS-2258-P).
- (2) Proposed rule, published May 23, 2007 – Medicaid Program; Graduate Medical Education (GME) (CMS-2279-P).
- (3) Proposed rule, published August 13, 2007 – Medicaid Program; Coverage for Rehabilitative Services (CMS-2261-P).
- (4) Final rule, published December 28, 2007 – Medicaid Program; Elimination of Reimbursement under Medicaid for School Administration Expenditures and Costs Related to Transportation of School-Age Children between Home and School (CMS-2287-F).

As a result of public feedback and Congressional concern regarding the impact of these regulations, CMS was precluded from implementing or enforcing any of these regulations through various Congressional moratoria.

In addition to the report to be prepared by The Lewin Group, Congress required CMS to prepare a report outlining the problems addressed by the regulations, the manner in which the regulations address these problems, and the legal authority for the regulations. This report was presented to Congress on December 3, 2008.

The Lewin Group is required to produce a comprehensive draft report by September 1, 2009. The report must address:

- (1) The prevalence of the problems that the Medicaid regulations are meant to address
- (2) Strategies in existence to address these problems
- (3) An assessment of the impact of each regulation on each State and the District of Columbia

Project Initiation:

The Lewin Group project team is sensitive to the many competing pressures on State Medicaid staff and will work with States to make the process as efficient as possible. As a first step, The Lewin Group requests that each State Medicaid Director identify primary point(s) of contact for policies affected by each of these regulations. The Lewin Group will then contact you and the points of contact you identify to develop a schedule of introductory presentations to be conducted via conference call. The presentations will provide an overview of the project and an opportunity for questions; a series of presentations will be held to accommodate competing schedules and different time zones. The Lewin Group will be collecting data from each State related to each of these regulations to determine the State-specific impacts.

Following the introductory presentations, a Lewin Group project team member will contact each of your primary points of contact to schedule a telephone interview to discuss each regulation. Individuals will be provided with copies of the interview questions and data requests in advance, enabling them to identify and invite other subject-matter experts to join the interviews. As part of this process, CMS and The Lewin Group hope to obtain feedback from the States regarding potential alternatives to these regulations in addition to issues related to the regulations as originally proposed.

Please provide the requested contacts to The Lewin Group by April 3, 2009, by completing the attached contact information template and returning it, via email, to:
congressreport@lewin.com.

Ms. Emma Forkner

Page 3

The Lewin Group will be contacting you shortly to schedule an informational conference call to further discuss this project. In the meantime, if you have questions about the study, please contact the project team at the email address above with any questions, or call The Lewin Group Project Director, Terry Saveia, at 703-269-5595. If you have questions for CMS, please contact Joe Razes or Cheryl Powell. Mr. Razes may be reached via email at Joseph.Razes@cms.hhs.gov or by phone at 410-786-6126. Ms. Powell may be reached via email at Cheryl.Powell@cms.hhs.gov or by phone at 410-786-9239.

Sincerely,

OFFICE OF THE DIRECTOR

Dear Ms. Forkner:

In Section 7001(c)(2) of the Supplemental Appropriations Act, 2008 (SAA, Public Law 110-252), Congress required that the Centers for Medicare & Medicaid Services (CMS) enter into a contract with an independent organization to produce a report on four specific Medicaid regulations issued by CMS. This letter is to inform you that CMS has contracted with The Lewin Group to perform this study and to produce an independent report mandated by Congress. The Lewin Group will work directly with staff in each State Medicaid program to identify contact staff in other related agencies on the four specific Medicaid regulations, as appropriate, to collect the data necessary to determine the State-specific impacts to be included in the report.

Background:

Beginning in early 2007, CMS issued several regulations that were part of an effort to clarify Medicaid policy and to ensure sound fiscal management of the Medicaid program. The four regulations that are subject to the above-mentioned report are the following:

- (1) Proposed rule, published January 18, 2007 – Medicaid Program; Cost Limit for Providers Operated by Units of Government and Provisions to Ensure the Integrity of Federal-State Partnership (CMS-2258-P).
- (2) Proposed rule, published May 23, 2007 – Medicaid Program; Graduate Medical Education (GME) (CMS-2279-P).
- (3) Proposed rule, published August 13, 2007 – Medicaid Program; Coverage for Rehabilitative Services (CMS-2261-P).
- (4) Final rule, published December 28, 2007 – Medicaid Program; Elimination of Reimbursement under Medicaid for School Administration Expenditures and Costs Related to Transportation of School-Age Children between Home and School (CMS-2287-F).

As a result of public feedback and Congressional concern regarding the impact of these regulations, CMS was precluded from implementing or enforcing any of these regulations through various Congressional moratoria.

In addition to the report to be prepared by The Lewin Group, Congress required CMS to prepare a report outlining the problems addressed by the regulations, the manner in which the regulations address these problems, and the legal authority for the regulations. This report was presented to Congress on December 3, 2008.

The Lewin Group is required to produce a comprehensive draft report by September 1, 2009. The report must address:

- (1) The prevalence of the problems that the Medicaid regulations are meant to address
- (2) Strategies in existence to address these problems
- (3) An assessment of the impact of each regulation on each State and the District of Columbia

Project Initiation:

The Lewin Group project team is sensitive to the many competing pressures on State Medicaid staff and will work with States to make the process as efficient as possible. As a first step, The Lewin Group requests that each State Medicaid Director identify primary point(s) of contact for policies affected by each of these regulations. The Lewin Group will then contact you and the points of contact you identify to develop a schedule of introductory presentations to be conducted via conference call. The presentations will provide an overview of the project and an opportunity for questions; a series of presentations will be held to accommodate competing schedules and different time zones. The Lewin Group will be collecting data from each State related to each of these regulations to determine the State-specific impacts.

Following the introductory presentations, a Lewin Group project team member will contact each of your primary points of contact to schedule a telephone interview to discuss each regulation. Individuals will be provided with copies of the interview questions and data requests in advance, enabling them to identify and invite other subject-matter experts to join the interviews. As part of this process, CMS and The Lewin Group hope to obtain feedback from the States regarding potential alternatives to these regulations in addition to issues related to the regulations as originally proposed.

Please provide the requested contacts to The Lewin Group by April 3, 2009, by completing the attached contact information template and returning it, via email, to: congressreport@lewin.com.

Ms. Emma Forkner
