Hi Tony,

Join Healthcare Education Associates for our upcoming **Care Coordination Congress: SNPs, LTC for Duals, and Integration of Behavioral Health**, taking place **August 24-25, 2015 at The Paradise Point Resort & Spa**. We've assembled a top-notch faculty of health plan executives and industry thought leaders to address some of the biggest concerns in coordinated care—building sustainable SNPs, managing the long-term care of dual eligibles, and implementing an integrated model for your member's behavioral health needs.

Top Reasons to Attend:

- Three great topics—long-term care for duals, SNPs, and integrating behavioral health—all at one location!
- Hear directly from chief medical officers, directors of long-term service and supports, behavioral health policy specialists, and other industry thought leaders on key subjects in developing appropriate and successful care models
- Learn new techniques for managing high-utilizers and costly members through the inclusion of behavioral health! Discover new approaches to MTM through engaged home and community-based services
- Develop new incentive programs for providers, physicians, and members—pay for improvement, not just performance!

This event is designed for, but not limited to, health executives from the following areas: Dual Eligibles, Special Needs, Medicare, and Medicaid, Care and Case Management and Operations, Long-Term Care / Long-Term Services and Supports, Home and Community Based Services, Provider and Patient Relations, State and Government Programs, Behavioral health and Health Care Delivery, Medical management and affairs, Medical Directors and Clinical Officers, Community-based behavioral health care organizations and SNFs/Nursing homes.
