Paul,

No, I am NOT aware that we have decided to forego the first four months of revenue. You will need to complete your report and let Boykin Rose decide whether or not to go after the money.

Gene

Subject: Withholding the \$2 fee for new license plates

Stephen,

I spoke with Greg about how much to withhold on the new \$2 fee for license plates. He said that our amount of \$317,000 is as good an estimate as they can come up with at this time. He also said that Marcia, David and Gene Matthews are aware of that we are going to start the withholding process with the November distribution, and that at this time we are **not** going to go back and move the first 4 months of revenues.

We will start the cost recovery withholding with our December distribution. Hopefully by then a better process will be in place and maybe DMV will have a better handle on unit counts. .

Unless you can think of a better place to hold the funds, let's put it in 3264. Just make sure we keep the necessary documentation for when we need to move the funds.

I will contact David Durham today to start the process of getting the 2 new sub funds setup. We can update Bruce next week when he gets back so we can add some new SAMS account numbers.

Please let me know if I have forgotten anything. Can you get the distribution to Christine by lunch?

Thanks,

Paul
