(27) Registrar

(28) Filed 4/2 1913 (29) Local Registrar

When there was no attending physician or midwife, then the father, householder, etc., should make this return. If a child breathes even once, it must not be reported as stillborn. No report is desired of stillbirths before the 8th month of pregnancy.

This should have been reported last month by physician failed to report so the father did it.
