**Subject:** Thank you!

Dear Govenor Haley,

Thank you for your service and love to South Carolina

You have faced many trials, challenges, and catastrophic events over the years while running and serving as governor of our great state. You never fail to persevere and respond to each event with grace. When we see you on television, my husband and I comment on your amazing ability to demonstrate character while standing firm and doing what needs to be done. Your kindness, compassion, and tears in the face of tragedy and heartache show how real you are. The time you sacrifice from family to serve has not gone unnoticed or unappreciated either. You are an awesome example of one who loves God and seeks his guidance because I don't think this kind of service is possible any other way. You make me want to be a better person and Christian.

My husband and I are praying for you and your family as you face changes, challenges, and new adventures. Thank you!

Love,

Jackie and Woodie West  
Holly Hill, SC

Go Tigers!!!
