I am writing to ask Gov. Haley to help us farmers by applying for federal aid. She says we are to rely on crop insurance be we can not buy a level of insurance that will cover our cost. She has said that farmers are to be treated like other small businesses, but I say even small businesses with insurance has coverage to cover there losses and they can apply for fema assistance, farmers can't. As for my operation with out assistance I will be with a lot of other farmers and unable to continue farming and have to sell out.

Thank You: Danny McAlhaney
