Hi, I'm new to the area. I'd like to go fishing but I'm a bit disappointed in all the can't do's here. Am I allowed to use lures or not and why are we confined to barbless hooks. I like lures myself and striper fishing is all I do except for surf fishing and everything here is nothing like the Pacific Ocean so I'm confused as to how to even get started 🤔

You can certainly use lures. I'm not familiar with the barbless hooks. Fishing rules & regs are put out by the SC Department of Natural Resources -- not SC State Parks. Please find that information here:

<https://www.dnr.sc.gov/fishing.html>

Oh gosh 🤔 sorry about that. We are loving the scenery here and, plan on seeing the State Parks as soon as we are able to 😊
