Subject: Follow Up CHE Appointments

Hi Christian,

Rick and I met with John Finan following your meeting this morning. He asked that I follow up with regarding a possibility he had mentioned concerning McQuilla for the sector representative for the four-year colleges. However, as you are likely aware or John C has let you know, by our statute the institutional representatives for the public institutions must be current trustees.

If I can provide any information or be of assistance, please let me know.

Thanks,
Julie
