Dear Business Opportunities Committee Members,

Good afternoon, I hope you all are well. We would like to set up a Business Opportunities Committee (BOC) conference call prior to the Board meeting scheduled for May 1-2. The meeting should take no more than one hour, and we'll get an agenda and documentation out to you prior to the call. Generally, we'll be giving an update on FDR (as a follow-up to the BOC's recommendations last August) and taking a look at our current list of opportunities and the priorities assigned.

Can you please look at your schedules and let me know what your availability will be the week of 4-20-2009? Thank you, I look forward to hearing from you.

Best regards,  
Patrice
