Subject: NHK Interview Request with Governor Haley

Dear Rob, Chaney, and Brian,

I am reaching out on behalf of NHK Japan Broadcasting Corporation to request an on-camera interview with Governor Nikki Haley. Adrienne Fairwell from the South Carolina Department of Commerce suggested that we reach out directly to you.

We would like to congratulate Governor Haley on her nomination as U.S. Ambassador to the United Nations and would like to request an interview with her to discuss the priorities of the Trump administration in foreign policy and at the U.N. In particular, we are interested in discussing how the next administration will approach North Korea and Syria in the U.N. as well as her expectations for Japan's role in the Security Council.

Japan considers the U.S.-Japan alliance to be its most important relationship, and the Japanese people are deeply interested in how the next administration will approach foreign policy. We believe the Japanese public would very much appreciate the opportunity to hear from Governor Haley directly.

For your reference, NHK is the only public broadcaster and the largest media organization in Japan. Our television and radio programs reach over 39 million households nationally, and our international network broadcasts to over 290 million households in 150 countries worldwide.

We would like to schedule a 30-minute, sit-down, taped interview anytime in December. We are happy to travel to accommodate Governor Haley's busy schedule. Please feel free to reach out at any time with questions or concerns.

Best,
Alicia
