Nikki Haley  
1205 Pendleton St  
Columbia So Carolina  
Ms. Haley:

Who do you think you are? God? Well you are not. Why do you think you have the right to speak for the American people as a whole? You are arrogant, unknowledgeable and part of the political establishment and that is what the American people are SICK AND TIRED OF. The Senate is Republican; The Congress is Republican and still NOTHING IS GETTING DONE. Washington is spending money they do not have. Our politicians are putting our country deeper and deeper in dept. Donald Trump WILL CHANGE ALL OF THAT.....and you have the nerve to go on National Television with your stupid, stupid remarks and trash him. HOW DARE YOU SPEAK FOR THE PEOPLE? You are one of the establishment and we are sick of the establishment.

If you ever run for an office again, of even dog catcher, I will do everything in my power to keep you from getting elected. You are Bad, Bad, news. I will contact all of the people in my sphere of influence who live in and out of your state and see that they also do everything they can to keep you from being elected to anything.

If you would like to call and chat about Donald Trump or anything else, please give us a call. You are NOT listening to the American people AT ALL. That is what is wrong with Washington and what has been wrong with Washington for a long, long time and that is what is wrong with you. NO ONE IS LISTENING. Politicians just give themselves raises and bonuses and put American deeper and deeper in debt and what are they doing for the American people. NOTHING! I am 80 years of age. I have seen all kinds of politicians come and go and I have never, never seen our country in worse shape than it is in today. Why, because of Washington and how daily business is done in Washington. All the politicians care about is themselves and getting reelected to their cushy jobs with free insurance and other benefits and a million dollars to run their offices. They give themselves everything. They should be changing the bad things that are going on in America, Sanctuary cities, Planned Parenthood to name just two. Why isn't Washington doing something about these enormous problems? All they do is give more money to these kinds of things. Washington should have the American people's needs and cares taken care of instead of their own. They vote in raises for themselves and ignore people who are senior citizens who are trying to live on the meager amount of money that social security gives them, and we all paid in to that system for many years and the funds from social security was stolen by people like you and used for other purposes. The funds if left alone with a mean rate of return of 10% which is readily available in the market for all to take advantage of in our retirement fund our retirements and every retiree would be \$4,000 a month but thanks to people like yourself who are so disingenuous about everything you do retirees are barely able to keep their head above water.

Many people in our circumstances are not financially capable of owning their own home due to the bureaucrats in Washington. We have a reverse mortgage on our home in order to live half way decent. The politicians need trashing, not Donald Trump. He is going to do something about these problems and many more problems that the American people face. He has no special interests that he has to satisfy who can put him in office. He is his own man. Who are satisfying with your garbage, liberal talk? Who do you owe? You are not fit to be Governor of any State or hold any political office for that matter. All you have is a runaway, dirty mouth. I hope you are not a believer; a Christian talking this way; that would be too much. If you are, then you are speaking not only for US citizens but for Christians. Now you have really crossed the line and you are a liar. In the end you will still have to face our Creator. I don't know one Christian that would agree with you. If you get someone who says they are a Christian and agrees with you, you had better check their credibility because they are going against God.
