The parks are recommendable enough, but the 99\$ yearly Passport is not worth it- we are finishing up our Ultimate Outsider Family Challenge. Not only was camping, swimming, disc golf nor the lighthouses never covered, but we just left Charlestown Landing where the lady looked up our Passport by my driver's license (because we left it in the other car) drove 2 hours to Myrtle Beach State Park where they did the same, and then to Huntington State Park where the ranger refused to look us up -driving 3 hours back home now. We know which 5 parks are worth the drives, we would have spent half the Passport Fee. Have fun!
