Subject: Hi Message from Indian Embassy

Dear Ms. Le Moine,

Hi; hope you are doing well. I write with reference to a letter written by Governor Haley to Ambassador of India to the United States Ms. Nirupama Rao with regard to a commercial issue of concern to some of South Carolina's tobacco producers. I am writing to check if you could put me in touch with someone who could tell us the specific details of the issue so that we could understand it better thus enabling its follow up with concerned authorities in India.

I do realize that this may not be your beat but if you could guide me to the right person so that I could personally follow it up with him/her.

Thanks and regards

Vinay
