**Subject:** Barnwell Hospital Closing

Good morning Brian,

It's Stefany with WJBF Channel 6 in Augusta. We spoke earlier about the Barnwell hospital closing. I am wondering if the governor is making any statement or comments about it? How this will impact the Barnwell community? What this mean for the people of Barnwell needing immediate healthcare? This is the county next to the one the governor grew up in -- so it might hit home with her. Thanks you!
