Welcome our new addition to the Charles Towne Landing Animal Forest, a baby girl Katahdin sheep born on Feb. 27. Here's a picture of the new addition shown with her mother, Meryl Sheep. Meryl and her lamb have been isolated, so zookeepers could easily monitor her weight and health. Having gained a pound a day, the lamb is now ready to join the other animals in the Domestic Livestock exhibit on tomorrow, March 25!

Spring Slagle Welcome Little One! Can't wait to see them!
