Client/user impact

The 4.11 Works release will be deployed during the scheduled maintenance window on Saturday, January 31st from 3:00pm CT until Sunday, February 1st 9:00pm CT. Additional details about the release will be provided prior to the release.

The comprehensive release notes are available online and can be found by:

- Legacy UI
 - Log into the Works application: <https://payment2.works.com>
 - Go to "Tools" on the left-hand side of the screen
 - Click on "Training and Help"
 - Click on "Release Notes"
 - Click on "Release 4.10"
- New UI
 - For clients utilizing the New Works UI, simply select the "Release Notes" link located in the footer of the home page.

Release Highlights

In addition to several improvements and bug fixes, highlights for this release include:

- The final three Legacy UI functions to be ported forward into the new Works UI. With this release all Works features are now supported in the new UI.
 - Spend Monitors
 - Signature Authorities administration
 - Purchase Request – Purchaser queues
- Updates to Recommended Settings for Works.
 - Addition of IE 11 as a supported browser. See Enhancement #40761 for more details.
 - Update of the minimum supported browser from IE7 to IE8. Use of IE7 is still allowed for access to the Works application but releases are no longer being tested against IE7 for compatibility. See Enhancement #41021 for more details.

Actions

As with any maintenance period, customers should always monitor any file transmission attempts and be prepared to resend unsuccessful transmissions.

Please let us know if you have any questions or suggestions. As always, we appreciate your business and look forward to continuing to provide the enhancements and capabilities to meet your business needs.
