

Dear Honorable Mrs. Haley,

October 14, 2016

My wife Laurie and I cannot begin to thank you and your exemplary staff for such an effort to organize and actualize the evacuation of millions of South Carolinians during Hurricane Matthew. Your forward thinking alleviated potentially additional devastation.

My family moved from Ohio to Bluffton SC this year. Although we've experienced 3 hurricanes this year (Joquin, Hermine, & Matthew) we still enjoy the beauty of South Carolina.

I'm sure the stress that you and your governmental staff faced was overwhelming the efforts saved many lives!

Our deepest appreciation,

Jack Novotny  
Laurie Lundberg

Note\* A great GOP presidential ticket would have been Rubio/Haley or Kasich/Haley!!!
