## Text Analysis, by the Numbers

It's called Finch for Text, but check out its numbers

<<http://marketing.carahsoft.com/t/31434544/1265675391/69947359/0/40159/?2997ebdd=MiuYRDEyJTJEMTYrRmluY2grQ29tcHV0aW5nK0JsYXN0&x=739e3d3c>>!

Our unique and proprietary approach to understanding massive amounts of text means we help organizations - just like yours - find hidden insight and meaning within their information assets.

Word documents, research reports, presentations, blogs... Finch for Text can isolate and correctly identify 15 types of entities within them. So you can make better use of the volumes of content in your enterprise.

It's a proven technology, with incredible and unparalleled accuracy. **Get more** (out of your content). **Know more** (about what's in it). **Do more** (with what you find).

Try it today for free <<mailto:edward.walinsky@carahsoft.com?subject=Try%20Finch%20For%20Text%20for%20Free&body=Hi%2C%20I%E2%80%99d%20like%20to%20try%20Finch%20For%20Text.%20Please%20contact%20me%20with%20next%20steps.%20>>!
