Coretta,
I'll be on the west coast the entire week of 11/17. So the only day from list below that I can make would be 11/13 at 3pm. Perhaps that time also works for others? Busy times for all of us.
Thank you, Chuck

Chuck,
I am out of town on November 10, 11, 12 and coming back on the 13th. So everyone, here are revised dates and times for your consideration.
Thanks,
Coretta

Thank you. Chuck

Subject: Duke Settlement Advisory Committee

Team - Sorry for the delay. Been out of state from last Wednesday until yesterday.

Nanette – glad to hear Dukes Scott supports the endowment fund concept – if everyone else does. Duke Energy also has no objections to the concept. A few caveats were raised however:

- We may not want Duke Energy's name attached to the fund since it may imply an obligation for continued contributions. We may elect to make additional contributions in the future, but would not want an implied commitment.

- While Duke Energy appreciates the idea of targeting the fund toward seniors only within our electric service territory, would it better for the long-term health of the fund (no pun intended) to make it state-wide so more entities would be interested to make future contributions? For example, the other utilities? Just a thought.

Coretta, back to you. Shall we try to schedule our next meeting or conference call?

Thank you, Chuck

Yes. Dukes was good with it – if everyone else is - and the idea that it would be limited to duke service territory.

Also, I have answers on the website matter and on the procurement questions we had.

Coretta,

I'm waiting on feedback from a few more people at Duke Energy.

Nannette, were you able to gauge Dukes' initial reaction to the endowment fund concept?

Thank you, chuck

Chuck,

Just touching base to see if you have had a chance to discuss our ideas with Mr. Gillespy. I am so excited about the possibilities we discussed at our recent meeting. Just let me know if we are go to schedule the meeting with the Central Carolina Community Foundation. Thank you for all you are doing to make weatherization happen in SC.
