Tony

I am in Clemson attending to some transit matters for the agency. I will be back in office on Monday. I have meetings here all day tomorrow.

Let me know what is convenient to discuss on Monday.

Thanks

Lynn,

Why would you need to re-asses everyone. They should have current assessments to be served.

I will be happy to talk about this. Are you in the office? I received a recording your office is currently closed.

Dear Gerry

I have numerous questions concerning this issue. As I have been told the report in AIM is incorrect with the scores.

Do you expect the COA's to re-assess everyone that receives meals. We have one day to do this. Do we close our doors on Monday until the report is correct or everyone is re-assessed. As to the request to justify, how do we know if the justification will allow someone to eat under C-1 or C-2. The LOGA has asked the COA's to run as a business. I cannot do that under these circumstances. For example if the agency is accepting a trip from Logisiticare we do not take it until we know it is being paid for . This is the same thing. Please respond.

Please find attached, a newly released Program Instruction (PI) regarding Nutrition Risk Scores. This PI revises the LGOA's policy for Nutrition Risk Scores currently found in the **2006 Lieutenant Governor's Office on Aging's Manual of Policies and Procedures**.

Thank you for your attention.

Sincerely,
