There will be a broad spectrum of attendees. Some coming straight from work in business, some in business casual, and some in casual. It's not dress up or cocktail attire for sure.

The event will be at Spirit communications park.

Will you have your own transportation or do you need a runner to pick you up at the hotel and shuttle you to and from the venue?

Do you guys have a keyboard he could play behind me? Or will he have to bring one?
Thanks

All my friends are booked up. Just to confirm you do have a keyboard player?

You thinking like 20 mins?

Hey Kelly. Looks like pretty fun gig! I don't really know too many of these songs :(I think I will just have to work with my piano player and come up with maybe 5 songs for my set. I wish I knew they were asking for a 45 min set because I would have

been able to get my band together, but they are all over the country. Let me know if you are able to come up with anything.

We are planning on getting through the first 13 songs for sure.
Let me know if anything on the entire list is of interest to you.

Like I said we're more of a country rock band.
I'll see what I can come up with on my end for you.

We can try and schedule at least one rehearsal Thursday late afternoon.
