Subject: RE: URGENT: State to consider funding utility relocation for SCDOT projects

Goods great

But

When entering where funds came from, clicked on continue , so it didn't total up funds ,
Left 0 for sum, so my numbers didn't match and gave me an error

Had to enter funds , hit enter , then click on continue to get proper sum

Seemed to have trouble backing up and fixing it

Maybe just me

Doug

Final Version of Survey....I hope. Please look over and see if you notice any errors or confusing questions. Need your feedback by Monday at lunch as I hope to get this out to everyone Monday afternoon or Tuesday.

Greetings fellow South Carolina Utility Provider,

Per request of the State Legislature, your utility has been selected to take part in a survey to help determine, as accurately as possible, the statewide costs associated with utility relocations resulting from road and bridge improvement projects (including, but not limited to: intersection improvements, road widening, deepening of ditches, resurfacing, etc.).

To allow us to define the size and scope of all problems facing state utilities and SCDOT as a result of these construction projects, we ask that your utility complete the survey below by February 15, 2013. All responses will be kept confidential and will not be used for any other purposes. Please complete one survey per utility.
