Office of Governor
Attention: Nikki Haley
1205 Pendleton Street
Columbia, South Carolina [29201]

To: Office of Governor

From: Executor Office LARRY ANDREA HILL, Estate.

Regarding: Unauthorized administration of LARRY ANDREA HILL, Estate;

I file this complaint as a result of the unauthorized administration of the LARRY ANDREA HILL Estate and the mis-administration of public trusts and "legal persons" operated by private, mostly foreign-owned, corporations which are attempting to entrap and enslave Hill and lay false claims against his property via probate fraud, identity theft, and coercion. In which it turns out that the "U.S. DEPARTMENT OF JUSTICE" is just another private subcontractor performing "governmental services". Furthermore, the "US District Courts" are also private for-hire subcontractors that run all the related courts in their districts. Please see Title 28, Sections 80 to 131. All these "State" Courts and "County" Courts are being run as franchises of the "US District Court"---and they are all private corporate institutions having no public office or function at all, and being related to the actual state and county only insomuch as they are operating within the geographical boundaries of a state and a county. This can be readily proven by looking up the Dun and Bradstreet Numbers, CAGE numbers, and corporate filings of these organizations. And, as was recently demonstrated by the Lufkin Case in Texas, neither the "US District Court" nor its "State" and "County" affiliates have any authority to collect debts outside the ten square miles of the District of Columbia.

We should also clear up another misunderstanding. Back in 1864, the "United States Congress" acting as a Board of Directors for The United States of America, Inc. changed the meaning of several words by executive fiat, without telling the rest of us. For their purposes and from June 30, 1864 onward, the words "state" and "State" and "United States" are code for "District of Columbia Municipal Corporation". Thus, instead of "US District Court" you should be reading "District of Columbia Municipal Corporation District Court" and the "South Carolina State Supreme Court" for example, should be read as "South Carolina District of Columbia Municipal Corporation Supreme Court".

So this means all those "federal agents" who are harassing Hill are private corporate employees of a franchise or subcontractor of the District of Columbia Municipal Corporation having no more authority than a floorwalker at JC PENNY, despite their pretensions otherwise. They are misinformed as to their authority and also misinformed regarding the identity of Hill. These "federal agents" are literally foreign with respect to Hill and have no jurisdiction related to them at all.

The Federal United States and the Municipality of Washington, DC all operate under the auspices of the United Nations and are signatories of the Universal Right of Self-Declaration. Anyone claiming to be a Citizen of the Continental United States having a valid Birth Certificate must be treated as such. Any debts or charges whatsoever related to vessels in commerce operated under his or her name by the Federal United

States, any Federal State, the Washington DC Municipality or the UNITED NATIONS must be discharged according to Maxim of Law already cited: you are responsible for what you create. The Federal United States and its Federal States have created numerous vessels in commerce merely named after living Citizens ["legal fiction entities"] of the Continental United States and styled in the form: Larry Andrea Hill. The Washington DC Municipality has similarly indulged in this practice and created franchises for itself named after living Citizens of the Continental United States styled in the form: LARRY ANDREA HILL. Most recently the UNITED NATIONS created public utilities and is operating them under names styled as: LARRY A. HILL. The fact is that although human slavery has been outlawed worldwide since 1926, it is not against the law to enslave a corporation. So what the criminals among us have contrived to do is "redefine" living people as corporations.

The Roman Curia created the concept of legal fictions-- trusts, foundations, and other corporations for good reasons-- however, legal fictions can be misused. By Maxim of Law, those who create are responsible for their creations. It follows that the Roman Curia is responsible for the proper functioning of all corporations worldwide. As of September 1, 2013, Pope Francis declared all corporations and corporate officers fully liable for their errors and omissions.

Here are the Orders by Pope Francis that ALL "public officials" that are under the jurisdiction of the Vatican City State do no longer have Immunity for the crimes they commit, Primarily Judges in America which includes the BAR Association

APOSTOLIC LETTER ISSUED MOTU PROPRIO **See Exhibit B** (Public Notice to Law Enforcement, Sheriffs, Elected Officials and Bar Association Members April 2015, Judge Anna Maria Riezinger, Alaska State Superior Court)
http://w2.vatican.va/content/francesco/en/motu_proprio/documents/papa-francesco.

As part of this overall outrageous circumstance and fraud scheme, the members of the U.S. DEPARTMENT OF JUSTICE IN COLUMBIA, SOUTH CAROLINA and OTHERS have also contrived to change the citizenship of American State Citizens, like Hill,---- people born on the land of the Continental United States, like Hill, have been "kidnapped on paper" and their civil records have been falsified--- which is in violation of international law, the Law of War, and the United Nation's Universal Declaration of Human Rights, which both the Federal United States and the British Government have signed.

Please bear in mind that these "legal fiction entities" were created without Hill's knowledge or permission and they are completely, 100%, the responsibility of those who created them.

Following are 8 out of 20 copies of certified mail forwarded to the Office of Governor in reference to above criminal activity involving "legal fiction entity" created without the knowledge or permission of Hill.

1. #70123460000284275531, Oct. 17, 2015- Ref. Judge George McFaddin Jr. conceded. executing duties of Office of Family Court Judge without oath of office nor commission, resulting in press-ganging land assets – inland piracy.

6. #70150640000725213641, Dec. 07, 2015, private subcontractor performing "government services" fabricates \$500,000 of debt and charge to "legal fiction entity" resulting in act of press-ganging land assets, inland piracy, a crime outlawed over 200 years.
7. #70123460000284275524, Jan. 04, 2016, private subcontractors performing "government services" conspire to fabricates the public record resulting in press-ganging land assets, act on inland piracy, a crime outlawed over 200 years.
8. #70150640000725213689, Nov 16; #70151660000010015173 Office of Postal Inspector General – regarding obstruction to General Post-Office facilities by United States Postal Service Employee's and/or Post Master(s).

This situation appears to stem from misinterpretation of United States Postal Office Treaty's regarding international mail responsibilities to the General-Post Office's by United States Postal Service Employee's. No evidence of authority for the United States Postal Service to obstruct or deny general-post correspondence has been presented, nor within the Domestic Mail Manual or the creating legislation is the USPS granted authority regarding general-post, nor have the Post Master(s) or USPS presented where there authority originates for them to Administrate Estate Property or Interest, regarding general-post office correspondence. The result of these misinterpretations is that the Estate's General-Post Office and the occupant to the Office of Executor are being systematically "obstructed" and the mail is Not Going Through, a trespass causing irreparable damages each day. See following Example:

The above mailing location for the Estate and Executor's Office is known to be a valid mailing location for United States Postal Service purpose. See exhibit **A1 thru A4**

. Post Master Venusa Gant signs PS Form 3811 as occupant of executor office, then send PS Form 3811 to occupant of Executor Office in Postmaster envelope (**exhibit A5.1, A5.2**).

. Post Master Venusa Gant open registered mail, restricted to executor office, when asked who opened restricted mail, postal employee wrote note (open by postmaster) on envelope and initialed. Postmaster Gant do not have any job duties that involves opening other people mail. **Exhibit A6**

Your attention to this situation, and an expedient resolution would be greatly appreciated.

Otherwise, the Office of Executor will have no choice but to pursue bond claims.

Public Notice to Law Enforcement, Sheriffs, Elected Officials and Bar Association Members

April 5, 2015

Take Notice: The Roman Curia created the concept of legal fictions-- trusts, foundations, and other corporations for good reasons-- however, legal fictions can be misused. By Maxim of Law, those who create are responsible for their creations. It follows that the Roman Curia is responsible for the proper functioning of all corporations worldwide. As of September 1, 2013, Pope Francis declared all corporations and corporate officers fully liable for their errors and omissions. This means you.

Pope 'Ruler of the World' to go after War Criminals?

Also by Maxim of Law, there is no statute of limitation on fraud. Privately owned governmental services corporations have been fraudulently passing themselves off as the "government of the United States" since 1862. The longevity of this fraud in no way imbues it with authority. As an employee of these corporations you have no public office and no public bond and no foreign state immunity.

Federal Law Enforcement Personnel--- except U.S. Marshals: Your status is that of a Mall Cop acting outside the Mall. You have no authority on the land jurisdiction of the Continental United States. You are acting under color of law when addressing Citizens of the Continental United States "as if" they were Citizens of the Federal United States. If you threaten any living inhabitant of the Continental United States with a gun, taser, or other weapon, you can be hung as an inland pirate. If you remove any livestock you can be hung as a cattle rustler. If you cause any harm, you can be sued without limit. If you wear any uniform or display any badge or use any name or office designed to deceive or project authority you do not have, you can be arrested for impersonating an officer. You are acting in a purely private capacity and have only equal Civil Rights that may be withdrawn at any time. You are also acting under Martial Law and may face extreme punishment for

infractions against the civilian populace. Acts of plunder, mortal violence, and mischaracterization of civilians as combatants are all death penalty offenses. U.S. Marshals are allowed full egress within the Continental United States so long as they are sworn and acting as officers sworn to uphold the actual Constitution, are not acting deceptively, nor acting outside their international jurisdiction while in pursuit of their duty protecting the U.S. Mail.

Lawyers, Judges, Court Clerks--- When you address birthright Citizens of the Continental United States in the foreign jurisdiction of the Federal United States or that of a Federal State, and deliberately confuse living people with corporate franchises merely named after them, you commit personage. This results in press-ganging land assets into the international jurisdiction of the sea, a crime outlawed worldwide for 200 years. It is a recognized act of inland piracy and it carries the death penalty. Mischaracterizing the identity or citizenship status of a birthright Citizen of the Continental United States is also a crime under the Geneva Protocols of 1949, Volume II, Article 3. It also carries the Death Penalty. Finally, no member of the Bar Association may sit upon the bench of any public court nor occupy any public office of the Continental United States including Congress. The involvement of any Bar Member automatically voids all proceedings pretending subject matter jurisdiction related to the actual land or its assets---including the people of the Continental United States. The Titles of Nobility Amendment adopted and ratified prior to the American Civil War has not been repealed.

The Federal United States and the Municipality of Washington, DC all operate under the auspices of the United Nations and are signatories of the Universal Right of Self-Declaration. Anyone claiming to be a Citizen of the Continental United States having a valid Birth Certificate must be treated as such. Any debts or charges whatsoever related to vessels in commerce operated under his or her name by the

Federal United States, any Federal State, the Washington DC Municipality or the UNITED NATIONS must be discharged according to Maxim of Law already cited: you are responsible for what you create.

The Federal United States and its Federal States have created numerous vessels in commerce merely named after living Citizens of the Continental United States and styled in the form: John Quincy Adams. The Washington DC Municipality has similarly indulged in this practice and created franchises for itself named after living Citizens of the Continental United States styled in the form: JOHN QUINCY ADAMS. Most recently the UNITED NATIONS has created public utilities and is operating them under names styled as: JOHN Q. ADAMS.

The organizations that have created these franchises are completely, 100% liable for their debts and obligations without exception and without recourse to claim upon the living people these franchises are named after.

You may not presume that the living people have consensually agreed to be subjected to statutory law. You may not presume that they consensually agreed to be obligated for the debts of any legal fiction personas which have been created and named after them by Third Parties secretly operating in a private capacity and merely claiming to represent the victims of this fraud.

This is your Due Notice that the living people inhabiting the Continental United States are presenting themselves and may not be addressed as if they belong to, are responsible for, or indebted in behalf of any legal fiction personas operated under their given names by any international corporation.

Any continuance of any such claims and repugnant practices will be deemed immediate cause to liquidate the American Bar Association as a criminal syndicate and to deport its members from our shores. International action is underway to secure the assets and credit owed to the victims.

Please read, research, and do your own due diligence. You are fully responsible for obeying the Public Law of the Continental United States including Revised Statute 2561 and The Constitution. Please respect the established jurisdictions of air, land, and sea--- and be aware that you may be arrested and fined or worse for failure to do so.

Issued this fifth day of April 2015, Judge Anna Maria Riezinger, Alaska State Superior Court.

Here are the Orders by Pope Francis that ALL "public officials" that are under the jurisdiction of the Vatican City State no longer have Immunity for the crimes they commit, Primarily Judges in America which includes the BAR Association.
