---

Clare,  
I am sorry for the problems this has caused your area. Linda Reid told me that she had prepared the tax documents yesterday and failed to bring them with the monthly reports. The year-to-date reports and the tax spreadsheets were delivered this morning. The deposits made after the deadline forced Linda's area to back out the work to enter the extra deposit days in June. I have stressed to both Tejal and Linda that this deadline must be met for the future months.

Please let me know if you need anything else.

Thanks,  
Marcia

Please deliver the June tax information to us ASAP so we can complete the transfer to DOR.
