RE: Homeowners Policy
H01 0557699

Dear Mrs. Johnson:

I have been contacted by Cincinnati Insurance Company to contact you in regards to your roof. When their inspector was out at your property looking at your roof, he noticed that when your roof shingles were replaced they didn't replace the roof sheathing. Meaning that sheathing was very weak and the inspector felt as though he may fall through your roof as he was walking it.

We are asking that you please get this taken care of as soon as possible. You may want to contact whoever you had to replace the roof and find out why they didn't replace the sheathing. I will need you to send me an invoice/receipt and pictures showing that the sheathing has been replaced.

Please note that failure to comply with what is being asked of you could result in your policy being non-renewed effective your renewal date in January 2019.

Please don't hesitate to contact me at the office should you have any questions and or concerns about what is being asked of you.

I appreciate your attention to this matter.

Sincerely,
Adams Eaddy & Associates
