**Subject:** Document request pertaining to road funding plan ~ Website email from Ernest McInerney

Sir, Quoting from the 1/23/15 Greenville News article about Governor Haley's road funding plan, "According to figures distributed by her staff, the gas tax increase would produce more than \$300 million a year in added infrastructure revenue, while the tax cut would eventually save taxpayers more than \$1.7 billion a year." Could your office please provide me with a copy of that documentation? I have already requested this information from the Governor's Office of Constituent Services and the Greenville News and received no response. Could you also please call me to let me know when you send this information so that I can be watching for it. Thank you for your help with this request. Ernest McInerney
