Attachments: Unconventional Vehicles Charter_Proposed Amendments 10-07.doc

Good Afternoon,

In addition to the draft charter changes that Jim sent to you yesterday, I have attached the proposed draft charter changes for the Unconventional Vehicles Working Group. As you will see, the working group is asking that the charter for the group be extended two additional years as the issues they are working on continue to grow in both scope and complexity. I have overstruck any language that is proposed to be deleted and unscored (in RED) any new language that is proposed to be inserted.

Thanks, and please let me know if you have questions.

Keith
