Governor Haley

Thank you for being sensitive to the families of the **Charleston 9** in asking to have the confederate flag removed from the state capitol bldg. It behooves me to say that its removal should have been effected years ago since the cause (the continuation of the institution of slavery) for which it stood has long been deemed ethically and morally wrong and against the laws of nature.

Within your power and authority, a special legislative session must be mandated to expedite the removal of this symbol.

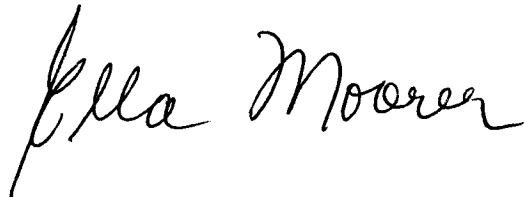

While many use it as a banner to their *heritage*, it is a constant reminder to Blacks that they were once considered no more than chattel and owned as property by the ancestors of these very people who wish to keep the *idea of that so called heritage* alive. Museums have been created expressly for these types of artifacts; let it reside there with the other remnants and tools of slavery.

With this issue being attended, it has been announced that the KKK has obtained permission to hold a confederate flag rally on the state capitol grounds on July 18 2015. I submit to you the following; the KKK must be declared a terrorist organization and denied the right to assemble.

There is in existence reams of proof via video, television, newspapers and historical archives of the KKK terrorizing blacks, burning their homes, participating in lynchings and exacting terror in general. This organization must be recognized for what it is and branded thusly.

I trust you to use your power and authority to make right the injustices of the past which linger in South Carolina, which is the state of my birth (Manning) however, which I am not feeling in tune with right now.

Respectfully Ella Moorer
