Subject: Re: Governor's Carolighting Program Edits

Thanks Kelsey!

After going through program and working with the revisions - timing things and also getting some updates from the Hallelujah singers today - I need a little time to flush the program out. I think this will be one of the most powerful programs we've had and I want to get it right.

Really excited that we have an opportunity to create another magical night!

As is - with the changes we discussed today - the program runs at about 50 minutes without the Gov's speech so we have some room to stretch if my math is right. I think we need to improve on the order, the choice of songs for audience depending on where they fall in the program and the flow of things.

Anyways - working on this solid and will send asap.

Kelsey lets chat in morning before you send anything out.

THANKS
LA

Hi team, my personal computer is not allowing me to open the program or acknowledgements documents. I will update and send first thing tomorrow morning. Lee Ann, if you need something to look at for the timing, I believe we agreed with all of Katherine's edits from the last update she sent on the afternoon of 11/9. That should be the most updated text version that we have.
