Subject: Helping My Mom Find the Best Nursing Home

Hi Tony,

As you know, finding a nursing home for a relative is extremely stressful and I have been assessing different options for my mom when I came across this information:

<http://www.1point21interactive.com/nursing-home-ratings-map-high-ratings-low-quality-measure-scores/>

I found this valuable in my search since it really breaks down the quality rating system and displays underlying quality issues. Thought you'd want to see it and potentially share it on your website. Cheers!
