**Digital Recorder
for Consolidated
Dispatch**

A report was read from the Finance Committee under date of January 3, 2013 that it considered the information furnished by W. Kurt Taylor, County Administrator, Jim Lake, Director of Consolidated Dispatch, and Barrett Tolbert, Director of Contracts and Procurement, regarding the purchase of NICE Digital Recording hardware and software which is the only digital recording vendor certified by Motorola to work with the Motorola Digital Trunked Radio System. It was stated that the current system hardware and software is up-to-date and functioning appropriately for the number of phone lines and radio channels currently recorded by the Consolidated Dispatch Center, but that the current system lacks redundancy and does not record the Consolidated Dispatch Center Backup Facility. It was shown that the move to the new facility and the additional phone lines and radio channels needed for full consolidation requires an upgrade of the current system that will provide redundancy and recording of the backup facility and that an upgrade of the current NICE system that will meet the County's current and future needs taking advantage of the existing NICE platform has been designed.

Committee recommended that Council approve a non-competitive procurement via change order to the existing Motorola contract for the purchase of two NX VoIP Recorders, associated hardware, software, and services at an amount not to exceed \$400,000 with funding to come from the E911 Capital Projects fund.

Ms. Condon moved approval of Committee recommendation, seconded by Mr. Summey, and carried.

The Chairman distributed the 2013 list of Council Committee Members and Council Representatives on Outside Agencies.

**Council
Comments**

The Chairman asked if any Member of Council wished to bring a matter before the Body.

Mr. Qualey wished everyone a Happy New Year.

Mr. Rawl said that he realizes that the County Attorney with his responsibilities to all Council Members, as well as elected and appointed officials is not always accessible to answer questions and discuss Committee procedure with Council Standing Committee Members, and will be requesting that the County Attorney assign a deputy attorney to be available to the Chairman of all standing Committees, regarding their needs.

Mr. Sass wished everyone a Happy New Year and said that Council has a lot on its plate.

Mr. Summey thanked the County Economic Department for the excellent job they do.

Ms. Johnson thanked the Citizens who bring forward information. She said that it is very helpful to Staff. She thanked Ms. Palmer for the information she furnished regarding the situation at the "brickhouse".

Mr. Pryor said that his wife asked him "why are you trying to please people who don't like you regardless of what you do. He said Council needs to get work together in 2013 with the business of the County, because we have a lot ahead of us.

There being no further business to come before the Body, the Chairman declared the meeting to be adjourned.

Beverly T. Craven
Clerk of Council
