Subject: Re: Foia request and Paula Betha head of sc lottery

Paula we will let facts and investigations speak for themselves . What I and others want is all the abuse we have with our SC Chambers and Cvbs to end and be fixed . I take it you fully understand all on Stopchamberabuse.com . If you or others don't agree ,exactly what part is not correct and accurate . Thx

Therefore, there is no "new" Freedom of Information request which requires a response. Since I have NOT served on a compensation committee for the Chamber in 7 years and have not been a board member for 16 years, and since I am NOT now, and have NEVER been, the godmother to the Miles children, there is absolutely nothing more to communicate.

Trips to China , free golf memberships , website developed in Canada , appointed buddy board versus elected from Membership? Who owns the chamber ? Who are the employees ? We don't really know all just some as we all are being refused transparency . If someone refuses transparency all this is , is an admission of guilt . Correct ?

You should also fully understand why abuse , tax violations , unfair trade , conflicts of interest and corruption in SC needs to end . Lets all think about all of this as we sit in Church today . >> Paula , you were chairman of the compensation committee and the conflict is being the God mother of Bill Miles Children. Further his salary of 351k plus free golf membership , international travel , perks , insurance , bonuses could put this all above 400k and salary of President Obama , 4 times Gov Haley at 106k and I assume you as lottery commissioner not paid 400k ?????, more than many other chambers nationwide . Being a board member at a time when Bylaws were changed all need to be understood . I take it as God mother to Bill miles children many emails from some email account. I will leave this to any ongoing investigation . Thanks

>>> Dear Mr. Hoagland,

>>>

>>> I am responding to your Freedom of Information Act request of November 6, 2013, sent to me by electronic mail. Specifically, you requested all correspondence between Bill Miles and me via my sclot email including all past correspondence while I was on the Chamber Compensation Committee

with Ray Warco and Charlie Brown. The documents you have requested relate to my service on a sub-committee of the Hilton Head Island/Bluffton Chamber of Commerce. I have considered your request in light of FOIA (S.C Code Ann. 30-4-10 et seq.) and my response follows.

>>>

>>> I have NO notes, e-mail, correspondence or other documents in my possession about the compensation committee of the Hilton Head Island/Bluffton Chamber of Commerce. When I was last on the Chamber's Compensation Committee, almost SIX (6) years ago, I was not an employee of SCEL and therefore did not have an sclot email account. Furthermore, I have not been on the Board of the Chamber for over 15 years and therefore make no governance decisions at the chamber. This information fully satisfies your request.

>>>

>>> I see no need to respond to further communications from you about this matter.

>>> Sincerely,

>>>

>>> Paula I am sending this Foia to you requesting all correspondence between you and Bill Miles via your sclot email including all past correspondence when you were head of the 3 person compensation committee with Ray Warco and Charlie Brown. All correspondence with Ray and Charlie as well . I have called them and like you when we talked last , have refused transparency and now hiding behind the skirts of lawyers hired by this chamber . I do not think these lawyers understand the potential harm they would cause to our state if they won , which will not happen . No one in our state will allow you and a few others to turn our state into some secret club for a few. Good news is there are much more leaders in our state that will not allow this to happen, me included . I would compare someone who endorses secrecy and transparency running our lottery to the fox guarding the hen house . Thanks
