Subject: SC Education and Profile of a SC student

Spring Valley hurts and I know does not represent what our Governor believes in nor supports. How can I help?

City Year places trained young adults in schools to address Attendance, Behavior and Course Performance as near peers to students that need as the most.

We look forward to honoring the Gov in February so she can speak about her passion for student success. If you have time to visit a City Year classroom and see how we work please let me know.
We are a resource!

Gail
