Subject: Arts Funding ~ Website email from Maggie Jordan

Lt. Governor Bryant, Dear Sirs, I hope you are doing well! I just wanted to drop a quick note, to ask that you consider overriding the Governor's Veto #24 which pulls \$350K in funding from the SC Arts Commission. Funding from SCAC grants helps our department (City of North Charleston Cultural Arts Department) produce free public arts events like the North Charleston Arts Fest, afterschool enrichment for students and summer enrichment for summer campers at our City's recreation centers. I hope you and your colleagues will consider overriding this veto so that the SCAC can continue to support arts agencies like ours and other throughout the wonderful state of SC. Thank you, Maggie Jordan Maggie Jordan
