Subject: Stop Methamphetamine Draft Bill

Katherine,

Please see the attached draft of the "South Carolina Stop Methamphetamine Production Act" as was discussed yesterday.

The main aim of this piece of legislation is to stop the local manufacture, rather than the usage, of methamphetamine in order to better protect the community at large from the dangers associated with both the residual chemical effects and the inherent possibility of fires and explosions stemming from the manufacturing process.

Should you have any further questions or concerns, please do not hesitate to contact me. I enjoyed meeting you and Ted yesterday and looking forward to working with you both.

Best,

Anne Wallice
