Subject: Interview Request with Gov. Haley

Hi Chaney,

Hope this message finds you in great spirits this Thursday! My name is Megan Rivers, I am a producer and reporter for WLTX. As we approach the one year anniversary of the Historic October Floods, we are working on a special show. We'd like an opportunity to sit down with Gov. Haley to discuss our state, one year later.

A few points in particular: the lessons we were forced to learn as state due to a natural disaster, how businesses are recovering, how the state is healing. We are able to work around her schedule. The interview would be with Darci Strickland. Please let me know what dates work best for you.

Look forward to hearing from you,

Megan Rivers
