Subject: FY11-FY13 Vehicle Assignments

Ted,

I've attached the excel spreadsheet showing the comparison in the number of permanently assigned vehicles between FY11 and FY13. The data from 2011 is in an old database that's no longer in use, so I had our staff reconcile the 2011 numbers against the hard copies to verify their accuracy.

Let me know if there's anything else you need.

Nolan
