Thanks, Holly. We can circle up Monday morning, and put something in the staff notes then.

And thanks to getting back to press on DSS and MOX.

David,

I am forwarding a memo that I think the Governor will find as interesting follow up to the letter written by Mike Maucher to Governor Haley last week. It is written by the new owner of the lot directly adjacent to the Kunes' lots, 29,30 and 31. If there is anything I can help to clarify that might help move this through to the Governor, please let me know. We just can not stand by and allow this beautiful marsh to be destroyed because of property owner/realtors who have fraudulently obtained a permit approval for their own financial interests.
