Dear Governor Haley,

Congratulations on a resounding re-election win!

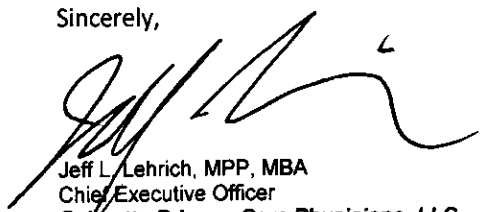

The physicians and staff of Palmetto Primary Care Physicians in Charleston, South Carolina would like to extend our heartfelt congratulations to you on your re-election as the Governor of South Carolina. You have had a positive impact on the people of our state and have created a better place for employers to grow their businesses here in South Carolina.

We are anxious for you to continue your initiatives in your next term. We look forward to working with you to either abolish or significantly reform the current Certificate of Need legislation and process in South Carolina to enable Palmetto Primary Care Physicians and many other organizations throughout the state to provide greater access to higher quality, lower cost healthcare to all patients in both the urban areas and rural areas of our state, which will enhance your economic and employment growth objectives.

Please feel free to call on me if I can be of any service to you or the state.

It's an even greater day in South Carolina!

Sincerely,
